

## FACT SHEET

### EMC Precision Machining

145 Northrup Street, Elyria, Ohio 44035  
 440.365.4171  
 www.EMCprecision.com

### Core Purpose

- Helping customers with urgent and complex machining needs

### Core Values

- Progressive, proactive, responsive. Committed to delivering high-quality precision machined parts.

### Brand Promise

- Rapid solutions, responsiveness, progressive thinking

### Company History and Overview

- Founded in 1925 by father and son William and Burton Ohlemacher. Succeeded by Burton's son, Robert Ohlemacher. EMC Precision Machining (originally known as Elyria Manufacturing Corporation) is now in the fourth generation of Ohlemacher family ownership. Jeffrey B. Ohlemacher is the company's Chief Executive Officer and Brad Ohlemacher is the company's President.

Over the years, the company has provided components for the defense industry (land, sea and air), automotive and appliances.

- Industrial Equipment/OEM
- Hydraulic/Fluid Power
- Pneumatic
- Agriculture
- Aerospace
- Heavy Vehicle
- Automotive
- Appliance
- Marine
- Medical
- Piping
- Recreational

The company has been headquartered in the same location for 85 years; the building has undergone eight expansions and is today a 49,500-square-foot state-of-the-art machining facility. EMC Precision Machining employs CNC Swiss Machining, Horizontal Machining Centers, Vertical Machining Centers and Centerless Grinding, allowing the company to produce components to tight tolerances as small as one ten-thousandths of an inch.

EMC Precision Machining is a proud and active member of the Precision Machined Products Association (PMPA).

### **Employment**
